

**Guidelines for Formal Dresses  
April 1, 2022**

Dresses must meet the following guidelines:

1. Strapless dresses are not allowed. However, clear straps may be added to a strapless dress. A dress with one strap or more is acceptable. The intent is that the strap holds up the dress and that the dress lies next to the skin.
2. Low-cut fronts, keyholes, cutouts or anything that reveals cleavage is not allowed. The back should be no lower than the natural waist area. This needs to be confined to the back area (not the side) and maintain modesty.
3. Sheer/ see-through material is considered the same as bare skin.
4. Overly form-fitting dresses are not allowed. Dresses should fall straight off the hips/bottom. Dress length and/or slits must be no higher than 4" above the middle of the knee.

The judgment of the dress committee must be followed. Disciplinary action will be taken if a dress is changed or modified after it is approved.
